Papa's Freedom

Papa's Freedom is situated on the edge of Gunjur village in the district of Misera. In the middle of local villagers and surrounded by a peaceful, natural and quiet environment, Papa's Freedom offers a nice escape from busy touristy areas.

Build in African simplicity the two double rooms makes you feel in the middle of local Gambian life.

You are welcome to use the bikes you'll find in the compound. As soon as you go out the gate you can have an endless stroll in the forest area. You will pass rice fields, vegetable gardens and local houses. If you're lucky you might bump into a monkey family.

The Gunjur beach is at approx 30 minutes by bike and is very much worth going to. You also can choose to go by taxi. At the beach you will find the fishery with its smokeries. Boats are coming and going throughout the day. And obviously a nice dive in the ocean is not to forget!

In the coolness of the bantaba, situated in the middle of this private compound, every morning breakfast is served. The bantaba is a nice place to relax and is also an excellent spot to enjoy all the different colourful birds.

Choosing to stay in Papa's Freedom also means you are supporting the microfinance projects for woman of MAKADIF (make a difference). Makadif is supporting and helping women to realize their dreams by means of financial support, therefore most of the income out of the lodge is generated into this micro-finance projects.
